The University of Nebraska, College of Architecture is seeking a candidate to fill a full time, nine-month, tenure track assistant or associate professor in the Landscape Architecture Program effective fall 2016. The faculty seeks motivated, energetic individuals who desire to be part of a growing collaborative design-research college within a public land grant institution. Opportunity exists to become part of the team to shape this accredited undergraduate program. While all candidates must possess a broad set of skills applicable to a comprehensive undergraduate education in landscape architecture, we seek a faculty colleague with a passion for teaching innovative design.

As a faculty member, the successful candidate will demonstrate their potential to advance the discipline through creative practice and scholarship in landscape architecture. Furthermore, the successful candidate will demonstrate commitment to teaching excellence and be capable of teaching undergraduate design studios, courses contributing to the core curriculum in site implementation, and a seminar course in his or her research area. Expertise in site design, urbanism, digital fabrication, or design build education is desired to enhance the College of Architecture’s commitment to design-research and interdisciplinary collaboration.

The Program is situated within the College of Architecture along with the programs of Community and Regional Planning, Architecture, and Interior Design. Collectively the College faculty forms a collaborative teaching and research environment that values cross-program and interdisciplinary initiatives. In addition, the candidate has the opportunity to participate in university-wide research initiatives within the Rural Futures Institute and Center for Urban Sustainability. For more information about our College of Architecture and constituent Programs, please see http://architecture.unl.edu

**Required qualifications at time of application:** terminal degree in Landscape Architecture or a professional degree in Landscape Architecture and a terminal degree in a related allied design discipline.

**Preferred qualifications at time of application:** experience in professional practice and teaching, record of creative practice and design-research.

**Application deadline:** review of applications will begin on **Tuesday, January 5, 2016** and will remain open until the position is filled.

**Salary and rank:** will be competitive and commensurate with experience and qualifications.

**Submission process:** To be considered for this position, please go to http://employment.unl.edu, requisition F_150232, and click on “Apply to this job.” Candidates should upload the specific submission requirements listed below:

1. A cover letter expressing interest in the position
2. A full curriculum vitae
3. Contact information for three references (please provide name, title, address, telephone number, and email)
4. A statement outlining professional experience, design-research goals, and teaching philosophy
5. An e-portfolio demonstrating your qualifications for the position. This may include, but is not limited to: professional, scholarly, and creative work in practice or academia. To meet this fulfillment, you will be required to create a free user account at https://pathbrite.com to upload your portfolio. Once created and saved, please copy the specific URL of your portfolio and paste it into the e-portfolio area within your application at http://employment.unl.edu. If you have any questions regarding this process, please contact Lori Bennett Baumli at lori.bb@unl.edu or by telephone at 402-472-9215.

Please direct any inquires to: sthomas10@unl.edu and include “Faculty Position in Landscape Architecture” in the subject line.
