

# College of Architecture

## The PAC College of Architecture Prize

### Award:

- Celebrates the excellence that emerges from a collaborative process.
- Winning team receives award and \$2,500

### Eligibility

- Collaborative projects consisting of two or more students with at least one student from the College of Architecture programs (undergraduate, graduate or professional programs).
- The project must emerge from curricular or College work, excluding professional work and work from an internship.
- The work must have been completed during the year beginning and ending in May (Summer, Fall, Spring).

### Submission Criteria

- PDF format (limited to 20mb) accompanied by a 500 word description of the project highlighting how collaboration contributed to a quality project.
- Selection is based on the best quality of work.
- Email submission to [Amanda.metcalfe@unl.edu](mailto:Amanda.metcalfe@unl.edu)

### Selection Process:

- Faculty selection committee consisting of one faculty from each discipline in the College (dean acts as tie-breaker if needed)
- First stage - From the submissions, faculty committee select three to five finalists  
Second stage - Finalists present projects to PAC executive committee members
- Schedule based on an Academic Year -
  - Students submit by Monday (noon) of Spring semester dead week. Shortlist developed by Friday of dead week. Shortlisted projects presented to PAC Executive Committee during Finals week.
  - PAC executive committee selects winner during finals week.
  - Awarded during the CoA graduation ceremony
