

UNL College of Architecture 2023 - 2024 Required Software: Help Sheet

Revit 2023, AutoCAD 2023

For the 2023-2024 academic year, the College of Architecture will continue using the Autodesk Student Software Program, focusing on AutoCAD and Revit. Every year students are encouraged to upgrade to the current version.

To obtain software, students are required to create an account with Autodesk at <http://students.autodesk.com/> using their student **@huskers.unl.edu** email address and you will need to upload a picture of your UNL student ID or transcript as part of the account creation process.

Student email accounts are accessible from the <http://mymail.unl.edu/> website.

Once registered with Autodesk, students will be able to download software installers directly from Autodesk. These installers vary in size from 2.5 GB to 14.6 GB.

Students should plan to download and install the software before arriving for the fall semester.

More information can be found on the Autodesk Student Download Instructions document listed on the Computer Policy web page.

Rhino 7

Student licenses for Rhino 7 are available at the UNL Computer Shop located on the Lower Level of the Nebraska Union (402-472-5151). The educational version is identical to the commercial version, only sold at a discounted price. The license currently costs \$95. <https://its.unl.edu/huskertech/software/>

Note: The Rhino 7 package purchased from UNL Computer Shop only contains the license code, not the install media. Please use the download link below for the installer.

Adobe Creative Cloud

The College of Architecture requires several Adobe products for all programs. These products are available for free to all enrolled UNL students. Follow the directions in the link below to sign in to Adobe.com and install the Creative Cloud program. Once installed, use the Creative Cloud portal to install Photoshop, Illustrator, InDesign, and Acrobat.

Microsoft Office (Word, Excel, Outlook & PowerPoint)

As part of the Microsoft Campus Licensing Program with UNL, Microsoft Office programs (Word, Excel etc.) can be installed for free through the Internet email portal after signing into your **@husker.unl.edu** email account at <https://mymail.unl.edu/>

Effective May 20, 2019, the **@huskers.unl.edu** email account is the official campus communication for all students for University-related information.
