

Student Worker Positions with the College of Architecture

Workshop

A student worker is needed for the College of Architecture Workshop. Must have knowledge of wood working equipment, some metal working equipment, and the ability to instruct students on the use of equipment and processing of various materials. This position will require inventory/receipt management and sporadic material processing for student purchases. Afternoon availability is required on Monday, Wednesday, and Friday, with occasional Sunday afternoon availability. Students with work-study will be given preference. Please submit class schedule when applying. Prior workshop experience is a plus.

Media Shop

A student worker is needed for the College of Architecture Media Shop. Must have the ability to learn print programs and large format printing procedures; must have ability to identify mechanical issues with 2d and 3d printers as well as laser cutters. This position will require use of a point of sales system with cash drawer. Availability for both Tuesday and Thursday morning or afternoon shift work is expected. Students with work-study will be given preference. Please submit class schedule when applying. Prior print shop experience is a plus.

Dean's Office

Student worker needed in The College of Architecture Dean's Office. Duties include filing, mail distribution, campus errands, copying, scanning, faxing, setting up and tearing down for college events, and other errands as needed. Flexible hours. \$9.00/hr to start. Must have work study. 5-15 hours weekly. Looking for the following availability: MF 12-5, Th 11-2pm.

Graphic Design

Student worker to assist in the development of graphics for newsletters, posters, postcards and the like for the College of Architecture. The successful student will have Photoshop, Illustrator, InDesign skills and excellent graphic design skills. 8-16 hours per week. Hourly wage varies depending on skills and experience.
