

# Student Personal Computer Autodesk Installation

Be sure to have access to your [@huskers.unl.edu](mailto:@huskers.unl.edu) email account first at:  
<http://mymail.unl.edu>

Go to <http://students.autodesk.com/> and create an Autodesk account or use your existing account. **You must use your @huskers.unl.edu email address when you create your account with Autodesk.**

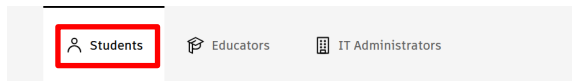

Click on “**SIGN IN**” at the top of the page to get started. This opens a login screen where you can now enter your @huskers.unl.edu email address.

A screenshot of the Autodesk 'Sign in' form. The form has a title 'Sign in' and the Autodesk logo. Below the title is an 'Email' label and a text input field containing 'name@example.com'. Below the input field is a button labeled 'View Saved Logins'. At the bottom of the form is a large black button labeled 'Next'. A red arrow points from the 'Create account' link in the text below to the 'Next' button.

Scroll down. Click “Select Products”

At some point, you will be prompted to confirm your eligibility. You will need a picture of your UNL ID or a copy of your transcript to complete this step. For incoming freshmen without a UNL ID, you can use an unofficial transcript. To get your unofficial transcript, log into MyRed. Underneath the Academics tab, select Unofficial Transcript. You should be able to download the unofficial transcript from there and then upload it to verify your enrollment.

Fill out the next page and be sure to enter “University Of Nebraska - Lincoln” as the “Name of the educational institution.” It should auto-populate, and you can click it to select it.

Check your information below is correct and click Verify

All fields must be accurately completed to verify your eligibility to access Autodesk Education benefits. Thank you for helping us provide Autodesk tools for legitimate educational use around the globe.

### Email OTP for Everyone

Beginning April 2, 2025, we will gradually roll out a new **email-based** one-time passcode (OTP) verification. This will happen **region by region** (see [global rollout schedule](#)).

- If you **don't use Single Sign-On (SSO)** or haven't set up an **authenticator app** or **SMS verification**, you'll need to confirm your sign-in with an **email OTP**.
- After entering your **email address** and **password**, you'll receive a **one-time passcode by email**. Entering this code will complete your sign-in.
- To make future sign-ins easier, you can **choose to trust your device**, so you won't need to enter an OTP every time.

Click **"Go to product"** to open the program. You can now close the browser window.
