

MONIQUE EKAETE BASSEY_CV

c: 818.389.9571 | e: bassey.mo@gmail.com

Monique is a driven and talented landscape designer and professor. She is passionate about bringing diverse perspectives to her project teams, and contributing to innovative and creative design solutions. Her versatile project skills include master planning, conceptual design, rendering and modeling, and construction documents. Monique has taught both undergraduate and graduate design studios with a focus on environmental and social justice as well as landscape technology courses on grading, and materials and methods. Monique currently serves on the national ASLA executive committee as the Vice President of Communications.

UNESCO WORLD HERITAGE YOUNG
PROFESSIONALS FORUM

Manama, Bahrain | June 17-26 2018 | United States Participant

One of 30 international participants selected to participate in the 2018 UNESCO World Heritage Young Professionals Forum in Manama, Bahrain. The theme of Forum was 'Protecting Heritage in an Ever-Changing World'. The Forum aimed to transmit the values of World Heritage, and highlighting the potential that World Heritage education may have for facilitating sustainable development. As young professionals, we reflected upon the complexity of preserving heritage in a constantly evolving world with the help of international experts. At the end of the Forum, a Declaration to convey the message of the young professionals to the international community was written and presented to the World Heritage Committee.
